CRAFTSMAN

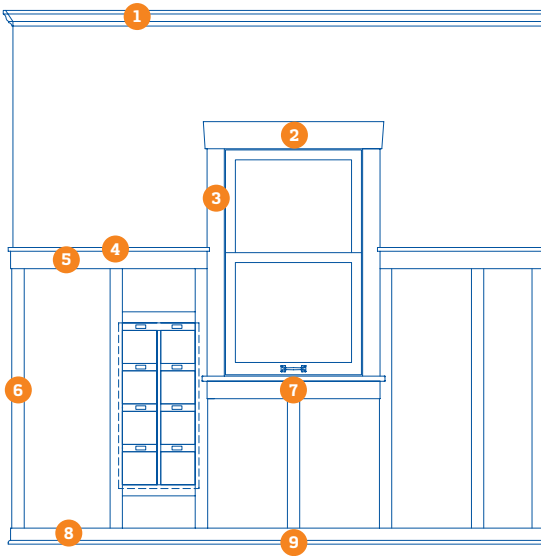

**THE MOULDING SHOWROOM
AT DUNN LUMBER BELLEVUE**

Inspired by reformers like Gustav Stickley who touted the beauty of natural materials and the importance of handwork, mouldings of the Arts and Crafts movement possess a thoughtful character and rugged simplicity. Cleaner and more angular than the fancy Victorian styles that preceded them, craftsman mouldings are usually built around a post and lintel look, often with creative joinery that evokes mortise and tenon or pegged construction.
